Kenneth Basjan

About Me

I'm Kenneth Basjan, a dynamic professional with a knack for delivering results. With a background in social media marketing and a passion for software development, I bring a unique blend of creativity and technical prowess to the table. I excel at problem-solving and delivering high-quality solutions.

Work Experience

Weberu (SMMA)
Founder
November 2021 to December 2022.
Weberu is a social media marketing agency that offers services such as social media management, content creation, influencer marketing, and social media advertising.

- Developed and executed innovative social media campaigns for a range of clients, delivering measurable results and achieving client objectives.
- Built and managed a team of social media experts, overseeing all aspects of the business, including strategy, operations, and client management.

UVU Africa: CapaCiTi Division - ABSA Cohort 1
Junior Software Developer Intern
January 2023 to June 2023

- Developing web applications using HTML, CSS, JavaScript, Python, and Java, working with a team of experienced developers to create high-quality, user-friendly software solutions.
- Contributing to the development of multiple software projects, using agile development methodologies to deliver results efficiently and effectively.
- Demonstrating strong problem-solving skills and attention to detail, identifying and resolving issues quickly and efficiently to ensure that software solutions are delivered on time and to the highest quality standards.

Younglings Africa

Software Developer Intern: ABSA Cohort 1

July 2023 to January 2024

- Developing web applications using HTML, CSS, JavaScript, Python, and Java, working with a team of experienced developers to create high-quality, user-friendly software solutions.
- Contributing to the development of multiple software projects, using agile development methodologies to deliver results efficiently and effectively.
- Demonstrating strong problem-solving skills and attention to detail, identifying and resolving issues quickly and efficiently to ensure that software solutions are delivered on time and to the highest quality standards.

Empire Partner Foundation

Fullstack Web Developer Intern

October 2023 - January 2024

- Crafted a robust fullstack web application collaboratively using HTML, CSS, JavaScript, AJAX, jQuery, Python, Django, and Bootstrap in a team of three developers.
- Enhanced skills during tenure at Younglings Africa, gaining valuable experience at Empire Partner Foundation.
- Conducted efficient daily standup meetings online.
- Utilized Microsoft Planner and various other Microsoft tools for meticulous planning.
- Prepared a User Stories Document outlining each component's functionality, appearance, and user experience.
- Developed a comprehensive pitch deck and ERD diagram to streamline the development process.
- Documentation significantly facilitated the two-sprint development phase over four weeks.

ABSA Group

AWS Developer Intern

January 2024 - May 2024

- Crafting solutions using Amazon Web Services. My toolkit includes; AWS Lambda, AWS S3, AWS Pipeline, AWS CloudWatch, AWS Redshift, Amazon Connect (Contact Flows), AWS IAM, AWS DynamoDB, AWS API Gateway, and AWS CloudFormation.
- All solutions were built using Node JS 20, and JavaScript v3.
- An agile methodology was used with daily standups and 2-week sprints per project.

ABSA Group
Platform Storage Engineer
June 2024 - Present
- Designing and implementing storage systems.
- Managing data backup and recovery processes.
- Ensuring data integrity and security.
- Conducting routine system checks.
- Performance tuning for system optimisation.
- Troubleshooting storage-related issues.
- Managing both on-premises and cloud-based storage solutions.
- Executing system upgrades.
- Developing storage management procedures and standards.
- Collaborating with other IT teams for integrated solutions.
- Planning for disaster recovery.
- Researching and implementing new storage technologies.

Qualifications

National Diploma in Information Technology:
Software Development
Central University of Technology:
Bloemfontein Campus
2016 - 2019

Creative Business 101 for Videographers
ORMS Cape Town School for Photography
